

10.0 SECTION 15091 FINDINGS

Based on the foregoing findings and the information contained in the record, the County of Los Angeles Board of Supervisors (Board of Supervisors) has made the following findings with respect to the significant impacts to the environment resulting from the Hall of Justice Repair and Reuse Project pursuant to Section 15091 of the *California Environmental Quality Act (CEQA) Guidelines*:

- Changes or alterations that avoid or substantially lessen the significant environmental effects as identified in the Final Environmental Impact Report have been required in, or incorporated into, the proposed project.
- The changes and alterations are within the responsibility and jurisdiction of the Board of Supervisors. The Board of Supervisors may designate the County of Los Angeles Chief Administrative Office or other County department to implement certain measures as part of preconstruction, construction, and post-construction activities.
- The mitigation measures identified in the Final Environmental Assessment/Environmental Impact Report are feasible and will be required as conditions of approval.

Based on the foregoing findings and the substantial evidence contained in the record, and conditioned by the foregoing findings:

- All significant effects on the environment due to the proposed project have been eliminated or substantially lessened where feasible.
- Any remaining significant effects on the environment found to be unavoidable are acceptable due to the overriding concerns set forth in the foregoing Statement of Overriding Considerations.
