

AMERICA'S REBAR

OFFICIAL PROPOSAL FOR WORK

Proposal for: DPR Construction

Scope: America's Rebar has prepared this proposal based on the following narrative of work: we will provide and install all rebar/ reinforcing/ wire mesh as required by drawings; all hoisting as required to meet scope; furnish and install all dobies/ spacers/ templates/ chairs to support and secure rebar; excludes all submittals/ shop drawings (we won't ever get it right anyways); assumes GC is covering the inspections/ permit costs as required; my guy Ricky will be onsite to supervise; there's no OT included - my guys like to have a life outside of work.

Cost: \$90,914.00

Prepared by: Johnny Walker and I
