RE: Associated Schools of Construction (ASC)
Student Competition – National Problem Statement
Leadership in Energy and Environmental Design (LEED)
Prequalification Statement – Addendum #3

Please incorporate the attached RFI responses into your overall Pre-
Qualification and Problem Statement submission.

RFI #1. Question:

1. With the large number of teams registered for the L.E.E.D. category is it still anticipated that an oral defense will be part of the Problem Statement competition?
2. If the oral presentation remains a part, will the teams have the previous 20 minute presentation window and a 10 minute Q&A time or will it be substantially shortened?

Response:

1. Oral presentations will be part of the problem statement competition and overall grade for all participating teams
2. The presentation scope and time will be defined in the problem statement information provided all teams in Nevada. The time allotted for presentations will be shortened from last year's competition.

The Pre-Qualification Statement due date of January 24, 2008 by 2pm
Pacific Standard Time remains unchanged.

End of Addendum #3
