

## Green Tree Rain

*The Rain Cistern Specialists.*

### **BID PROPOSAL – MULTICARE EMERGENCY DEPARTMENT & CANCER CENTER EXPANSION**

#### **INCLUSIONS**

The following definition represents the basis of our estimate:

We have included 20,000 gallon below ground single compartment tank (35'L x 10'-5"W x 10'-5"H) with access hatch. We have included an inlet filtration system which is self cleaning and low maintenance. The system contains overflow heads, float tree, and monitoring control. In addition, we have included the required pump system to accommodate the irrigation system.

#### **Additional clarifications:**

- Standard overflow siphon is included.
- WSST
- Based on 10% overhead and 10 fee
- Excludes permits
- Excludes electrical work
- Excludes POC to existing catch basins
- Excludes automated controls
- Excludes inlet water supply
- For scheduling, please include 20 weeks of work.
- Work to be preformed congruently with site excitation subcontractors.
