

Key Messages

Skanska USA's key messages are designed to capture common characteristics across all business units in the U.S., and help you express what Skanska USA is all about and what makes us different. Feel free to use this as a reference tool to communicate with your colleagues, as well as any external individuals or groups.

Safety First

We are a safety leader continuously striving to realize our vision of an Injury-Free Environment®.

Our Values

Skanska carries out thousands of projects each year in line with our "Five Zeros", our values expressed as five targets: zero accidents, zero environmental incidents, zero ethical breaches, zero loss-making projects and zero defects.

Our Breadth

Incorporated in the United States for more than 40 years with offices in 33 metro areas, Skanska USA delivers a full range of integrated solutions from infrastructure to commercial building to project development to public-private partnerships.

Innovation

Our employees continuously innovate for the benefit of our customers and our communities, transforming the way the construction industry approaches problems and solutions.

Responsible Citizens

Our mission is to leave cities better than we find them and to make a meaningful difference in society as active, responsible citizens in each of the communities where we live and work.

Sustainability Leadership

Skanska combines responsible behavior and specific business offerings to deliver solutions to our clients and communities that promote a more sustainable world.

Great Place to Work

We value our employees as much as we value our customers. We put programs and measures in place to ensure Skanska is a great place to work.
