

Oral Presentation

20 points possible

The owners of Moynihan and 1550 on the Green have received funding to pursue one of the topics below, with the intent of piloting the selected topic on Moynihan and 1550 on the Green. From the list provided below, **select one** of the topics for the owner to pursue.

Topics to choose from:

- Retrofitting diesel construction equipment
- Generating energy from the trains in Moynihan Station and elevators in 1550 on the Green
- Implementation of a wearable technology on the jobsite

Which topic should the owner pilot? Prepare a presentation and provide an argument for why you chose your topic. Your presentation should cover at a minimum: return on investment, how to achieve stakeholder buy-in, a marketing strategy for the public, a cost benefit analysis, and a relevant use case for the selected topic (if available/applicable).

Your firm will have 45 minutes with the judges: 5 minutes for set-up, 30 minutes to present, and 10 minutes for feedback and transition.
