

## **ADDENDUM #2**

This addendum forms a part of the original contract documents and modifies the original bid documents dated, February 8, 2007. The full scope of this document consists of 1 page. The following changes, additions, or deletions shall be made to the following documents; all other document shall remain the same.

### **Item No. 1:**

Children's Hospital of Orange County is interested in the opportunity to utilize technological tools to enhance the design-build process. Specifically, CHOC is interested in the advantages of using 4-D modeling tools such as Building Information Management (BIM) or Virtual Design Construction (VDC).

Please demonstrate how your company plans to incorporate BIM/VDC into the design-build process. Justify the cost and provide at least five advantages of using these technologies.

Cost of instituting this addendum should be listed as an add-alternate to your proposal.
