## ADDENDUM #1

RE: Salinas Public Safety Center

DATE: February 6, 2020

TO: Prospective Bidders

RE: *Coordination of Gun Range Sound Efficiency*

The City of Salinas is currently calling for a gun range area within the secondary buildings for continued training for police personnel. As this is an area that will have other training facilities, it is important that the noise levels stay to a minimum in adjacent areas. The coordination and execution of this item is noted by the City of Salinas as one of its highest priorities. Please provide a short narrative describing the steps that will be taken in the design to ensure the area around the gun range maintains minimal noise levels.

### Deliverables:

- Provide a written narrative including:
  - Description of coordination of gun range sound efficiency
  - Design ideas to allow noise levels to stay to a minimum
  - Analysis of the overall risk impact to the owner
