

Salinas Public Safety Center

SALINAS, CA

ADDENDUM #3

RE: Salinas Public Safety Center

DATE: February 6, 2020

TO: Prospective Bidders

RE: *Value Engineering*

After the addition of the El Gabilan Library scope, the City of Salinas is interested in finding a solution to save (5% of overall project budget) and bring the budget back on track. To find a more cost-effective approach while maintaining the design standards, Salinas is looking to pursue Value Engineering (VE) alternatives for the El Gabilan Library and the Public Safety Center. This includes but is not limited to finishes, structure, means and methods, logistics and phasing, etc.

Deliverables:

- Complete the attached Value Engineering spreadsheet to include:
 - A description of the VE alternative(s) to be implemented
 - A brief cost-benefit analysis of each alternative
 - Schedule impact and description for each alternative

Salinas Public Safety Center
