Addendum No. 2

The Special Provisions, Plans, and Proposal for this project are amended as follows:

Contaminated Soil

Construction

Contaminated soil has been identified under SR 534 within the work zone limits. WSDOT has performed testing and received the results in the table below. Plan pages are attached to this Addendum #2 to provide the extent of the contamination. Material will need to be disposed of per WA State Dept of Ecology or Snohomish Health District standards.

One (1) working day and an additional 24 hours in the full SR 534 closure is granted to handle this work.
