

BE THE BUILDER OF YOUR OWN FUTURE

ABOUT US

Nibbi is a high-performance Bay Area builder celebrating 75 years of excellence. In the industry and with our clients, we are known for keeping our promises, quality, safety, and social responsibility. Our team is diverse, but we have a lot in common, too: a passion for collaboration, innovation, achievement, fun, and family. We value employee development, and promoting within is always our goal.

INTERNSHIP OPPORTUNITIES

Our interns get realistic day-in-the-life experiences to complement their studies and get a head start on preparing for a career after graduation. Interns have a volunteer mentor and real responsibilities. They take field trips, participate in a service project, and have time with senior leadership. To be eligible, you must have completed two years of university in construction or a related field by Spring of 2025.

MEET THE TEAM!

We invite you to visit **Booth 328/330** on Saturday, February 8th, to see what makes Nibbi different.

LUKE C.

2021 -22 Intern - Now Nibbi Employee!

I loved my internship with Nibbi because of the amount of **responsibility and trust** my supervisors gave me. I was challenged and given tasks that put me in the best position to **learn and grow** as a Project Engineer.
