

**YOUR FUTURE
STARTS HERE!**

Interested in building impactful projects, traveling the world, and working where your voice matters?

Nova Group is a leader in engineering construction with 40+ years of excellence in hydrant fueling, waterfront, electrical, and utility projects.

We are seeking students majoring in Civil, Mechanical, or Structural Engineering or Construction Management for our summer internship program, offering hands-on learning that develops key construction engineering skills, prepares for full-time roles, and explores potential long-term careers at Nova.

Nova offers limitless opportunities, emphasizing innovation, safety, quality, and exceptional service.

Visit us at booth 538 to learn about opportunities with Nova.
