

INDUSTRY LEADERS SINCE 1936

The best people providing the best
construction solutions

OUR MISSION

Underground Construction Co., Inc. will be an ethical, respected company with an excellent safety record, profitable growth, and a committed workforce.

SAFETY | QUALITY | CUSTOMER SERVICE

Underground Construction Co., Inc. has provided efficient gas, power, airport fueling and telecom construction solutions for over 88 years. Since laying our first pipe in 1936, we have successfully completed thousands of governmental, commercial and private sector construction projects throughout the United States. As one of the oldest and most respected contractors in the West, we continue to serve our industries with the highest safety, quality and customer satisfaction.
